

SHINE – Sustainable Home Initiative in the New Economy

SHINE is a residential weatherization rebate program offering City of Atlanta homeowners (single-family) the ability to **receive up to \$3,500** in rebates towards qualifying improvements. Improvements include, but are not limited to, duct and air sealing, insulation improvement, caulking, weather-stripping, and window replacement. Additional incentives are available for high efficiency domestic hot water heaters.

Georgia Power customers may also participate in the Georgia Power Home Energy Improvement program, a residential program promoting a comprehensive, whole-house approach to improving the energy efficiency and comfort of existing homes. Customers may qualify for **up to \$2,200 in rebates** depending on recommended improvements made.

Residents may also qualify for a **potential \$500 federal income tax credit** if they make certain home energy improvements during 2011.

**City of Atlanta residents:
receive rebates and
credits up to \$6,200
for residential energy
efficiency upgrades!**

How do I sign up for the SHINE Pilot Program?

- Step 1**– Homeowner completes **home energy assessment** conducted by a Georgia Power Home Energy Improvement contractor.
- Step 2**– Homeowner receives list of recommended upgrades and improvements, selects a contractor, and completes work (has 14 days to undertake a contract).
- Step 3**– Homeowner and contractor sign off on SHINE rebate form and submit it for review.
- Step 4**– City of Atlanta performs quality assurance review of rebate forms and work orders.
- Step 5**– Work begins. Rebates paid once work is complete.

Learn more about program qualifications:
Georgia Power Home Energy Improvement Program
at georgiapower.com/homeimprovements or call 1.877.310.5607.
City of Atlanta's SHINE program, email shine@atlantaga.gov or call 404.588.5982

*Only high efficiency ENERGY STAR qualified hot water heaters apply. Appliance must be installed by a SHINE qualified contractor. Home Energy Assessment not required.

Income-based weatherization assistance is available through the Southeastern Energy Assistance program. Please call 404.554.1174 or visit www.southeastenergy.org. SHINE material is based upon work supported by the Department of Energy under Award Number(s) EE0000801 and EE0003575. Georgia Power Home Energy Improvement Program is an independent Georgia Power program. Georgia Power Home Energy Improvement Program rebates good from January 1, 2011 through December 31, 2011. Potential federal income tax credits depend on the new system's efficiency rating and may be available for 2011 installations. Check with your HVAC dealer and tax advisor for more information.
